Cross-Registration, Computer Science

Experience

Product Designer

Mar 2024 – Present

Mochi Health | San Francisco, CA

- Developed and maintained a design system from scratch in Figma, ensuring design consistency, increasing development efficiency, and reducing errors caused by project handoff between design and engineering.
- Rebranded Mochi and redesigned the marketing website, joinmochi.com. Increased conversion rate and reached 100,000 customers with the new website.
- Led user interviews with patients, doctors, and Mochi administrators.
- Designing new features for patients, doctors, and Mochi administrators.

Web Design Intern

Jun 2023 – Aug 2023

Houston Astros | Houston, TX

- Designed and implemented a new internal tool which streamlined analyst and developer workflow.
- Enhanced work efficiency for analysts, scouts, and performance scientists, and coaches by redesigning several features in the Astros' internal website.
- Held meetings for brainstorming, whiteboarding, and product presentations with people across disciplines within the Astros.

Product Design Intern

Jun 2021 – Aug 2021

Hitch | Austin, TX

- Created landing pages for Hitch's new products: Hitch Premier and Going Anyway Driver.
 - Produced several iterations of a new "trip history" page for the Hitch mobile app.
 - Worked closely with Hitch illustrators and graphic designers to create the best products possible.
-
